Dear Parent/Carer

Edinburgh Fringe Project 2022

I am delighted to tell you about this exciting project! St Augustine's RC High School have been gifted a large philanthropic donation to work in partnership with the Edinburgh Fringe. The aim of the project is to allow our young people to experience the Edinburgh Fringe for themselves. It is a pupil focused and led project and our young people seem very excited about the opportunity.

Overview

When we return in August ALL of the new **S3** year group will have the opportunity to attend a performance (which they have selected in June) at the Edinburgh Fringe. They will also have free time on the Royal Mile to enjoy the street performers and buskers as well as some time in a central, communal location to visit food vendors and have lunch. All the costs (including travel, tickets and lunch) will be covered by the donation.

The current S2 (who will be involved in the project) have already completed an initial questionnaire and a small focus group of twenty pupils has been formed to select performances appropriate for their peers age and interests. All learners have the opportunity to be involved and additional support will be provided for those who need it.

More details of individual trips will follow soon,

Kind Regards,

Kerry Reith
